

## NO CONTEST

1. Is Greenwich Park a sensible site for the Equestrian Olympics?

NO: It has never hosted such an event and was never designed to do so.

2. Does it make financial sense?

NO: It will cost tens of millions of pounds more than would venues such as Windsor Great Park or Hickstead, which are already fit for purpose

3. Has the choice been thought through?

NO: Greenwich was in the bid merely as an environmental gem to dazzle the international selectors. A showy sales pitch, for which all who love the Park will have to pay a price.

4. Will there be a legacy for the people?

NO: The very reverse. Holding the horse events in Greenwich Park can only imperil this historic part of the nation's heritage.

5. Is it too late to overturn the damaging, expensive and wrong-headed proposal?

NO: Write to your MP, to the leaders of the political parties, to anyone with influence. Join the campaign. Make common cause with commonsense.

**Put the beauty and accessibility of Greenwich Park  
before blinkered Olympic pride.**
